This annual run is popular and a social event for all the family and friends.

The run takes in rural roads of Ramarama, Bombay, Hunua and the Mangatangai Dam. These are great driving roads for Jowetts. Ken Brownlie is in the UK visiting his ageing Dad. He has the use of the UK Club Javelin and took it to the UK National Rally. A top three Concours finish has eluded Ken back here in New Zealand but over there he placed second best Javelin. At last count he had clocked up over 1200 miles
